

TECH TOOLS FOR TEACHERS

24

If you or someone you know has missed any newsletters, [click here](#) to find them on Kathleen's blog.

Through this newsletter we aim to cater for teachers of all levels and experiences. If you have any ideas on how we can do this better or make improvements to the newsletter, please email us at techtoolsforteachers@gmail.com (or hit the reply button).

This week we review the website:

In this newsletter we review a website that contains some excellent videos that give you an overview of some of the web2.0 tools we have discussed in the Tech Tools for Teachers newsletters and many more. For a further insight into some of the great tools being used in classrooms around the world check out [Learnitin5](#)

We like the [LearnItIn5](#) because it:

- is free
- is a great source of professional development
- is user friendly
- provides self paced learning

HOW TO...

1. Follow the link and click on the 'How to Videos' link to get a list of available videos for your professional development. Explore, bookmark and use the tools listed with your class.
